WORK EXPERIENCE

Uber

May 2016 – Present

Driver

St. Petersburg, FL, Philadelphia, PA

- Transport average of 20 passengers per working day, maintaining a safe driving record
- Provide exceptional customer service and navigate passenger crisis and conflict situations with ease
- Utilize Excel to Track mileage, maintenance expenses, schedule and income

4333 Collective

December 2021 – June 2022

Lighting and Projection Designer, Operator

Philadelphia, PA

- Set-up projection and lighting systems in two mid-sized venue spaces, wiring DMX cables, linking lights to control board, and mounting 3-4 projectors wired to synchronize with lighting and live video input
- Operated lights and projectors for diverse musical acts, working with bands to determine aesthetic identity to create dynamic visuals on-the-spot
- Trained others to operate lights and visuals while managing equipment maintenance, storage and transport
- Worked alongside 4333 staff and sound team to address audience, venue or A/V issues as they arose

Paper Crane

March 2019 – November 2021

Event Planner / A/V Tech

St Petersburg, FL

- Organized concerts in a private event space with 100+ capacity from start to finish, booking acts and serving as point-of-contact, scheduling and supervising staff, overseeing event set-up and breakdown, creating digital and print promotions campaigns, and managing artist and staff payout
- Operated soundboard to live mix artists, ensuring audio equipment is optimally placed, wired, and utilized
- Designed and installed mixed-medium installations particular to each event, utilizing lighting and projections

PLEASURES Inc.

March 2018 – November 2021

A/V Tech

St Petersburg, FL

- Designed custom lighting and projection system for a small live performance venue, synchronizing DMX lighting with visual projections for an immersive concert experience
- Operated multi-cam rig for live-stream events connected to live sound, troubleshooting technical issues

Appen Global

March 2014 – September 2017

Social Media Evaluator

St Petersburg, FL

- Collected and provided data and feedback to improve the relevancy of multiple platforms' news feeds, utilizing sites such as Facebook and Twitter to acquire requested data

EDUCATION

University of South Florida

May 2020

BS, Management Information Systems

St Petersburg, FL
